

ABOUT SPEX

Spex is synonymous with offering well-crafted luxury eyewear and sunwear to a discerning public. Style and function merge in unparalleled designer collections from season to season, while attentive and knowledgeable customer service rounds out the experience for the fashion-forward shopper. Designs range from classic and clean to eclectic and colorful. Spex offers fresh, authentic and unique styles, in step with current fashion cycles and eyewear trends. Frame and sunglass lines include: SALT., Prada, ProDesign, I.a. Eyeworks, Lafont, Gold & Wood, Ray Ban, Ogi, Maui Jim, Loree Rodkin, Lindberg, Sama and Gucci. Accessories include LaLoop eyewear chains and Scojo reading glasses.

Spex has 13 locations throughout the Chicagoland area: Chicago, Evanston, Geneva, Grayslake, Highland Park, Hinsdale, and Buffalo Grove.

In-store events including trunk shows are held throughout the year. Events vary by location. Early in 2008, Spex began its "Art+Vision" series. As it progressed, it has evolved into a well-attended community outreach program: a platform for local artists to show their work in a retail environment with diverse public exposure. Spex believes that it's important to encourage the talent that drives all creative endeavors.

Also in 2008, Spex launched an exciting new rewards program, called RE:SPEX. RE:SPEX members receive birthday certificates, student and kids' discounts, lens option upgrades, and rewards for multiple eyewear purchases.

The medical side of Spex continues to grow in scope and expertise. Our team of experienced optometrists are certified by the National Board of Examiners of Optometry and licensed through the State of Illinois. In addition to providing the most accurate vision prescriptions possible, they are skilled at fitting and prescribing the latest technology in contact lenses. They can also treat common eye conditions in office. Most major medical and routine vision insurances are accepted.

Approaching eye care with a holistic vision, Spex considers eyewear fashion and eye health to be of equal importance. Spex has evolved into a complete resource for people of all ages with varying degrees of eye care needs, while maintaining strong ties with the local community as their neighborhood shop where relationships develop and customer loyalty grows. ●
